

1. Biodata

Family name: BUKULUKI
First names: Paul
Other Names: Mukisa Wako (see Affidavit attached)
Nationality: Ugandan

2. Profile

I am an Associate Professor of Social Work (with a focus on social work and health, social work and social protection, developmental social work and social work in humanitarian settings) in the department of Social Work and Social Administration, School of Social Sciences, Makerere University. I have a doctorate in social and cultural Anthropology from the University of Vienna, Austria (2008), Masters in Peace studies (Peace, Development, Security and International Conflict Transformation) from the University of Innsbruck, Austria (2009), Masters in Medical Anthropology from the University of Amsterdam, Netherlands (1999), and Bachelor of Arts in Social Work and Social Administration from Makerere University, Uganda (1996). My teaching areas are developmental social work, social security and social protection, forced displacement and disaster management, peace-post conflict recovery and development, and sexuality and social work. I have published in the areas of sexual and reproductive health, social norms and gender-based violence, social sciences and global pandemics (especially COVID-19 and HIV and AIDS), social work and social protection, social work and forced migration/displacement and social work and social policy. I sit on the Technical Committee on Integrated Health and HIV and AIDS Programming along Transport Corridors in East Africa (East African Community); Technical Committee of the Global Learning Collaborative on Social Norms, The Research Ethics Committee of the Control of Neglected Tropical Diseases, Ministry of Health; and The Executive Committee of the Migration, Health and Development Research Initiative (MHDRI). I have supervised undergraduate and over 20 graduate students working on a range of topics including HIV and AIDS, social protection, social work in conflict and post conflict settings, and social work and health.

6. Teaching Ability

I have taught the following courses since my tenure in the department of social work and Social Administration that started in 1996:

1. Developmental Social Work (MSW 4113)
2. Social Protection, Inequality and Social Development MSW7200,
3. Social Security and Social protection (SWA3111/SOA3112),
4. Sexuality and Social Work Practice (SWA3209)
5. Social Security Planning & Management (SSP7217)
6. Conflict, Post Conflict Recovery and Development (SSP 7111)
7. Community Based Rehabilitation for People with Disabilities (SWA3206/SOA3224)
8. Applied Developmental Social Work (SWA3200)

7. Research Experience

1. Principal Investigator/Team leader: 2021: Knowledge, Attitudes and Practices (KAP) Baseline Survey for the Netherlands Programme on Advancing Sexual Reproductive Health and Rights (ANSWER) in West Nile and Acholi Sub Regions in Uganda. This is an integrated programme that includes VAC, intersections between VAC and intimate partner violence (SGBV) in conflict and humanitarian settings. The findings will be used to strengthen mainstreaming of SRHR, VAC and SGBV interventions in conflict and humanitarian settings. Funded by UNFPA and the Netherlands Embassy, Uganda
2. Research Director/Co-investigator: Agency for All implementation research project aimed at improving and sustaining agency, health, and well-being for individuals and communities, advancing cross-sector development outcomes in family planning and reproductive health, maternal, newborn and child health, nutrition, infectious disease, and HIV/AIDS. This is a USAID funded project with total funding of 38 M USD implemented in East Africa, South Asia and West Africa. The Prime is the

University of California San Diego and Makerere University is one of the key partners. (2021 to 2026)

3. Principal Investigator: Leading conducting of a qualitative assessment of social norms in South Sudan Momentum Integrated Health Resilience. This assessment investigated social norms related to FP choice and decision-making, attitudes towards GBV, and decisions related to health seeking behavior. The goal of this assessment was to provide evidence to inform the development of USAID/South Sudan's SBC efforts related to increasing the voluntary use of family planning, reproductive health care, prevention, and awareness of GBV, and health seeking behavior. The findings from this study will then inform SBC activities in South Sudan (2020/2021).
4. Principal Investigator/team leader. Building capacity for research and teaching of health and migration (Funded by the Government of Austria through the Centre for Health and Migration, Vienna, Austria) 2019 to 2022).
5. Co-Investigator: Documenting the degree and disruption of GBV and SRH services and prevention programs during the COVID-19 global pandemic in Uganda, and changes in reporting of GBV and unintended pregnancy. Department of Population and Family Health Columbia University Mailman School of Public Health (2020/2021)

8. Other Academic Achievements:

Academic Positions Held:

- i) Associate Professor, Department of Social Work and Social Administration since 2015
- ii) Senior Lecturer, Department of Social Work and Social Administration since 2012
- iii) Lecturer, Department of Social Work and Social Administration since 2010
- iv) Assistant Lecturer, Since 1998
- v) Teaching Assistant, since 1996
